As a Computer Science student, I've built and launched Ethereum Pal and Bitcoin Pal, gaining hands-on experience in software development, blockchain technologies, and full-stack implementation. Skilled in Python, SQL, Dart, Flutter, YAML, and Data Visualization, I'm eager to contribute my technical knowledge and problem-solving skills to a software development or engineering role.

Willing to relocate: Anywhere

Education

Computer science (B.Sc)
Federal University Otuoke-Bayelsa
January 2023 to Present

Skills

- Data Visualization (Power BI, Excel)
